### **Adani welcomes court decisions**

Adani Group today welcomed decisions by the Queensland Supreme Court to dismiss activist lead appeals against the granting of a Mining Lease and an Environmental Authority in relation to the company's planned \$21 billion coal project.

The company said the decisions were further positive steps towards starting work in the September Quarter 2017 on the Carmichael Mine in central western Queensland and associated projects – a near-400km rail line and port expansion at Abbott Point.

Adani said it would now examine the full decision documents and make no further comment.
