Dear Sir,

Sub: News Clarification – Adani Enterprises Limited.

This is in response to the clarification sought with reference to recent news items which appeared in the Hindustan Times on December 06, 2016 titled "**Adani now has all approvals for \$16bn mine in Australia**" and "**Adani to start work at Oz mine by mid-2017**" appeared in freepressjournal.in on December 07, 2016.

With reference to recent news item titled "Adani now has all approvals for \$16bn mine in Australia", the approval stated in the news item relates to the construction of a portion of the rail line and workers' camp of the North Galilee Basin Rail Project (the 'Rail Project'). The Rail Project is not part of the Adani Enterprises Limited group, hence, is not required to be reported.

With reference to recent news item titled 'Adani to start work at Oz mine by Mid-2017', the expected timeline stated in the news item for the start of the construction activities for the Carmichael Mine in Australia is consistent with the current expected timeline announced by Adani in the past and this information is available in the public domain.

In the event there is any development which requires disclosure under Regulation 30 of the SEBI (LODR) Regulations, 2015, we will make the same in accordance with regulatory requirements.

Thanking you,
Yours faithfully,

Yours faithfully,
For **Adani Enterprises Ltd**
